The teas are brewed under different temperatures and time intervals, to extract the perfect taste.

BLÅ starts out with delicate aromas of Jasmine, Chamomile and a hint of citrus. SPIRITS

RUM / GIN / VODKA

RUM

Rum has come a long, long way since being manufactured on the slavery plantations of the West Indies. This sweet and spicy spirit developed a reputation as a bartering tool in exchange for newly trafficked slaves from Africa or by traders in Caribbean ports. Most rum produce was shipped to England, with extremely high-profit margins for both the aristocracy and plantation owners and developed an amazing association with the Royal British Navy in doing so. It's been said that they 'ran on rum' as each sailor had a generous allowance.

Fitz comes from a West Indian family, descendants from slavery and rum makers. With Rum in his blood, there is a passion and an understanding that goes beyond spirit. This is his first collection, selected to tantalise taste buds, so be daring and pour over ice just how Fitz likes to enjoy it.

Note: Our rums are sold via the shot 25ml or 50ml. Please add £2.00 per mixer.
